THE LARGEST WEEKLY COMMERCIAL/INVESTMENT NEWSPAPER IN THE WORLD

RESTORATION OF THE MASONRY ENTRANCE TO THE LIBRARY Abbot Building completes \$250,000 project at Eastern Nazarene College

QUINCY, MA Abbot Building Restoration Company, Inc., Boston, recently completed a major restoration of the masonry entrance to the library at Eastern Nazarene College. Contracted by Early Day Construction, Inc. of Nashua, N.H., Abbot conducted a complete demolition of the old entrance, and installed new brick columns and walls, granite caps, and granite stairs. The project was based on the design of Silverman Trykowski Associates, a professional architectural firm (Boston, Mass.).

The scope of the project, valued at approximately \$250,000, was as follows:

- Demolition of the entire walkway, stairs, and brick columns

- Installation of new brick walls and columns
- Installation of granite caps and stairs
- Installation of all related flashings
- Reinstall and repaint wrought iron railings

- Provide new electrical conduit for outside lighting
- Installation of new lanterns on granite caps

According to Carolann Constant, project manager for Early Day Construction,

“Abbot did an outstanding job in a very timely manner. Their attention to detail and service was greatly appreciated and makes them a great subcontractor to work with.”
